

**LAND BETWEEN THE LAKES TRAPPING  
PERMIT January - February, 2017**

**(Permit must be in the possession of the trapper while trapping.)**

**Name** \_\_\_\_\_

**Address** \_\_\_\_\_

\_\_\_\_\_

**Phone** \_\_\_\_\_

**Cell Phone** \_\_\_\_\_

**E-mail** \_\_\_\_\_

The trapping season is January 9-22, 2017, on Kentucky Hunt Areas 2, 6, and 7, and on Tennessee Hunt Areas 11 and 13. Areas closed to hunting are also closed to trapping. All trappers must possess an LBL Hunter Use Permit and state trapping license. Legal traps, sets, and species must conform to state regulations. All traps must bear the trapper's name and address. All bobcats and otters harvested on the Kentucky Portion of LBL must be telechecked and tagged according to state regulations and statewide limits apply. There will be a beaver trapping season February 1-28 in KY and TN in all areas except no hunting areas on the LBL Recreation Map or areas posted "No Hunting." Otters may be taken during February beaver trapping days which coincide with state otter seasons for the respective counties.

By signing this permit, I hereby acknowledge that I have received a trapping report form that is to be completed and returned to the Land Between The Lakes Administrative Office at 100 Van Morgan Drive, Golden Pond, KY 42211 within one week after the end of the trapping season.

I also understand that failure to return the completed trapping report will prevent me from being able to obtain a permit to trap at LBL during the following season.

I plan to trap the following seasons: \_\_\_\_\_ January 9 - 22    KY or TN

\_\_\_\_\_ February 1 - 28    KY or TN
