## Impending Rain May Cause Hazardous Road Conditions at Land Between the Lakes

**Land Between the Lakes , KY/TN - February 22, 2018** - The U.S. Forest Service at Land Between the Lakes warns visitors that area flooding may create dangerous road conditions and cause closures now through Sunday.

Soils are already saturated and the National Weather Service is forecasting more rain with a chance of severe weather. Roads already submerged will be impassible and ford crossings may be dangerous.

The Elk and Bison Prairie is now closed and will remain closed through Monday. Other roads and facilities may close due to this rain event.
