Storybook Magic

Once upon a time, we found a dusty and mysterious book in our library. When we opened it, magical stories poured out and took over the Woodlands Nature Station! Come explore familiar magical stories with us through themed animal programs, crafts, fun activities, and prizes.

We may not train dragons here, but join us to watch an animal training session.

How do animals defend themselves in the wild? Learn all about animal defenses!

2:00 pm - Owls: Magic and Myth

Meet a live owl as we explore the role of owls in magical myths and folklore.
